Once he had toured the exhibition, managing not to shudder openly, he tried to hang out within hearing distance of Celestina White, but without appearing to be listening with special intensity..Nothing in life was risk free, so he hesitated only a moment: at the foot of the porch steps before climbing them and knocking on the door..Friday brought Scamp again, all of Scamp, all day, every way, wall-to-wall Scamp, so on Saturday he hadn't enough energy to do more than shower.. "Money's no object. I can afford whatever you'd like to charge. And I'd be a diligent student." More good American music. The Supremes were Negroes, sure, but Junior was not a bigot. Indeed, he had once made passionate love to a Negro girl..Agnes, Celestina, and Grace were soon working together with a harmony that was kitchen poetry. Paul

had noticed that most women seemed to like or dislike one another within a minute of their first encounter, and when they found one another companionable, they were as open and easy on their first meeting as though they were friends of long duration. Within half an hour, these three sounded as if they were of one age, inseparable since childhood. He had not seen Grace or Celestina free of despair since the reverend's murder, but here they were able for the first time to veil their anguish in the bustle of baking and the pleasure of making a new friend. Her hands were slender, long-fingered, graceful. The hands of an artist. They were not powerful hands. Channeling his beautiful rage, Junior hefted the corpse onto the windowsill, and shoved it headfirst into the alley. The fog received it with what sounded almost like a swallowing noise. Celestina stared at the small, brown face, opening herself to the anger and hatred with which she had regarded this child in the operating room. Professional magic was not a field in which many Negroes could find their way to success. Obadiah was one of a rare brotherhood. "My God," Junior said, pretending that his befuddlement had faded and that his mind had just now clarified, "you think Naomi was murdered, don't you?" BARTY TODDLED, Barty walked, and ultimately Barty carried a pie for his mother on one of her delivery days, wary of his balance and solemn with responsibility. Jacob cooked corn bread, cheese-and-parsley omelettes, and crisp home fries with a dash of onion salt. While Junior had been hospitalized, Vanadium had searched his lace, with or without a warrant. Turnabout was satisfying. Through the door came the sound of running water splashing in a sink. Neddy washing his hands. The opening paragraph still lingered in his memory, because he had crafted it with great care: Greetings on this momentous day. I'm writing to you about an exceptional woman, Agnes Lampion, whose life you have touched without knowing, and whose story may interest you. After two years of rehabilitation, Tom had been pronounced as fit as ever, a miracle of modern medicine and willpower. But right now he seemed to have been put back together with spit and string and Scotch tape. Arms pumping, legs stretching, he felt every one of those eight months of coma in his withered-and-rebuilt muscles, in his calcium depleted-and-rebuilt bones. He moved from a crib to a bed of his own, with guardrails, months ahead of the average toddler. Within a week, he requested that the rails be left down. He intended to mash the sole of Victoria's right shoe in the pat of butter and leave a long smear on the floor, as though she slipped on it and fell toward the ovens. Reading the dates on the headstone, he saw that the minister's daughter had died on the seventh of January, the day after Naomi had fallen from the fire tower. If ever asked, Junior would have no trouble accounting for his whereabouts on that day. Ministering to Perri, Joshua had pulled back her blankets. The fabric of the pale yellow pajama pants couldn't disguise how terribly withered her legs were: two sticks. In the execution, he was likewise scrupulous, for he didn't want the grownups to see what Angel saw; he preferred they believe it was sleight of hand-or magic. After the usual moves, he briefly closed his right hand around the coin, then with a snap of his wrist, flung it at Angel, simultaneously distracting with flourishes aplenty. "I said it didn't work that way, and it doesn't. Yet ... I don't actually walk in those other worlds to avoid the rain, but I sort of walk in the idea of those worlds. . . ." "I don't like the old crazy doctor," she said, still drawing. "I wish it was about bunnies on vacation-or maybe a toad learns to drive a car and has adventures." This room didn't face the street by which Cain would approach the building, so Vanadium switched on the lights. He spent fifteen minutes examining the mundane contents of the cupboards, searching for nothing in particular, merely getting an idea of how the suspect lived-and, admittedly, hoping for an item as helpful to a conviction as a severed head in the refrigerator or at least a plastic-wrapped kilo of marijuana in the freezer. "You didn't at all," Dr. Salk assured him. "I need to talk to you. If you would give me a little of your time..." "Soon as Cain is out of sight, we yank up our tricky vending machines, then haul the real ones out of the van and bolt 'em down again. Slick, fast. People are still picking up quarters when we finish. And get this-they want to know where the camera is." For the next few days, they would eat all their meals in the suite. Most likely, Cain had left San Francisco. And even if the killer hadn't fled, this was a big city, where a chance encounter with him was unlikely. Yet having, assumed the role of guardian, Tom Vanadium had a zero tolerance for risk, because the inimitable Mr. Cain had proved himself to be a master of the unlikely. This soiling of Naomi's memory was a sadness so poignant, so terrible, that he wondered if he could endure it. He felt his mouth tremble and go soft, not with the urge to throw up again, but with something like grief if not grief itself. His eyes filled with tears. "Anyway, something clicked in me on the roller coaster, and I grasped a new angle of approach to the problem. I've figured out that I can walk in the idea of sight, sort of sharing the vision of another me, in another reality, without actually going there." He smiled into her astonishment. "So what do you say about that?" Monitoring Barty from the corner of her eye, Agnes paced herself to the strides of his short legs, so she was drenched and chilled when she reached the station wagon. In the present, long after the execution of Josef Krepp, half a block ahead, lay the Lipscomb house. Beyond it, the Lampion place. She hadn't sung since the early-morning hours of October 18, and no other paranormal event had occurred since then. The waiting between manifestations scraped at Junior's nerves worse than the manifestations themselves. Edom, eager to learn precisely when a tidal wave or falling asteroid would bring his doom, fetched a pack of cards from a cabinet in the parlor. When Maria explained that only every third card was read and that a full look at the future required four decks, Edom returned to the parlor to scare up three more. Angel, as if in God's own hands, stared with round-eyed wonder at the physician. He was so innocent. This sweet boy, this pure and stainless infant, couldn't possibly have an enemy in the world, and she could not imagine any son of hers earning enemies, not if she raised him well. This was just a silly card reading. "Naomi, are you in there?" Junior whispered again, peering into the windows of the girl's soul. Then her breath caught repeatedly in her breast as her throat tightened against the influx of air. One particularly difficult inhalation dissolved into a sob, and she wept. "God bless us, every one," Agnes repeated with all her extended family, and after a sip of the wine, she made an excuse to check on something in the kitchen, where she pressed hot tears into a cool, slightly damp dishtowel to prevent the telltale swelling of her eyes. Agnes delighted in their conversations. Barty was far ahead of the language learning curve for his age, but he was still a child, and his observations were filled with innocence and charm. "You mean your cold is like in your nose but not in your feet?" Cain's Spruce Hills home, which he'd shared with Naomi, hadn't been furnished anything like this. The difference between there and here-and the similarity to Vanadium's digs--could be explained neither by wealth alone nor by a change of taste arising from the experience of city life. "No. It's, stopped. The thing now is to prevent a recurrence of the emesis, which could trigger more bleeding. He's getting antinausea medication and replacement electrolytes intravenously, and we've applied ice bags to his midsection to reduce the chance of further abdominal-muscle spasms and to help control inflammation." She worried that they would argue with her, and though she knew that she was committed to her decision, she was afraid to have that commitment tested just yet. They came to her, picked up the luggage that she had put down, and Edom said, "I'll drive." If this insurance payoff was not mere coincidence, if it was the wealth that had been foretold, then how far behind the fortune did the knave travel? Years? Months? Days? By

telephone, he had been prepared for this boy. Strange as it was to find a Bartholomew in their lives, given Enoch Cain's peculiar obsession, Tom nonetheless agreed with Celestina that the wife killer could have no way to know about this child-and could certainly have no logical reason to fear him. The only thing they had in common was Harrison White's sermon, which had inspired this boy's name and might have planted the seed of guilt in Cain's mind.."I could have been killed," Junior Cain repeated, suddenly so horrorstruck by this realization that an iciness welled in his gut, and for a while he wasn't able to feel his extremities..Over the following hour, as Walter Panglo guided Jacob through the planning of the funeral, Jacob recounted the gruesome details of numerous airliner crashes, shipwrecks, train collisions, coal-mine disasters, dam collapses, hotel fires, nightclub fires, pipeline and oil-well explosions, munitions--plant explosions.....Here, now, came the anaconda smile. "Did you argue about the baby, Enoch? Maybe she wanted it, and you didn't. Guy like you--a baby would cramp your style. Too much responsibility." "Pie, pie, pie, pie, pie, pie, pie, pie," Barty repeated in the same tone of self-satisfied delight that he used when announcing "Barty potty."The night was hushed but for the barking of a dog in the great distance. Hollow, far softer than the ghostly singing that had recently haunted Junior, the rough voice of this hound nevertheless stirred him, spoke to an essential aspect of his heart.."The princess is correct," he acknowledged, revealing that this hand was still empty. Then he reached to the girl and plucked the quarter from her ear..Twenty minutes later, at home, he poured sherry over ice. Sipping, he stood in the living room, admiring his two paintings..Into Barty's darkness came light that he had not sought. He saw his smiling Mary on his lap as she lowered her hands from his temples, saw the faces of his family, the table set with Christmas decorations and many candles flickering..Junior must have shouted shut up more than he realized, because the neighbors began to pound on the wall to silence him..Having arrived at this same astonishing but nonetheless obvious conclusion, Harrison said, "Someone has to've been hurt." He hurried out of the kitchen, through the dining room, with Paul close behind him..His leonine head and bold features, framed by golden hair, should have conveyed strength, but the impression he might have made was compromised by a fringe of bangs that curled across his forehead, a style unfortunately reminiscent of effete emperors of ancient Rome..RED SKY IN THE morning, sailors take warning; red sky at night, sailors delight..Tom stared at the girl's drawing--quite a good one for a child her age, rough in style, but with convincing detail--and if skin could be said to crawl, his must have moved all the way around his body two or three times before settling down again where it belonged. "Are these ... ?"."Was a priest," he corrected. "Might be again. At my request, I've been under a dispensation from vows and suspension from duties for twenty-seven years. Ever since those kids were killed."Vanadium's wounds were too grievous to pass for accidental injuries. Even if there were some way to disguise them through clever staging, no one would believe that Victoria had died in a freak fall and that Vanadium, rushing to her side, had slipped and tumbled and sustained mortal head injuries, as well. Such a strong whiff of slapstick would put even the Spruce Hills police on to the scent of murder.
