"Well, you see, that's the funny thing about all the important choices we make. If we make a really big wrong choice, if we do the really awful wrong thing, we're given another chance to continue on the right path. So the very moment I stupidly stepped off the curb without looking, I created another world where I did look both ways and saw the rhinoceros coming. And so-". "And in a lot of somewheres," said Barty, "things are worse for us than here. Some somewheres, you died, too, when I was

born, so I never met you, either." By now, all here assembled knew Celestina well enough that Tom's final example raised an affectionate laugh from the group. Junior flung back the covers and came to his feet, but his knees proved weak, and he sat at once on the edge of the bed. "In cases like this, the malignancy is often more advanced in one eye than the other. If the size of the tumor requires it, we remove the eye containing the greatest malignancy, and we treat the remaining eye with radiation." "Well," Agnes said, "thank the Lord, we don't have tornadoes here in California." Any reasonable person would agree that the line between legitimate and harassment was hair-thin. He already had the pistol he had taken from Frieda Bliss's collection, but it didn't come with a sound-suppressor. He was preparing for all contingencies. Focus. "I was never Cary Grant, to begin with," said Vanadium, still ceaselessly rolling the quarter across his fingers, "so I had no big emotional investment in my appearance. Cosmetic surgery would have added another year of recuperation time, probably much longer, and I was anxious to get after Cain. Seemed to me this mug of mine might be just the thing to scare him into an incriminating mistake, even a confession." "I'm saying, for all I know." She took her hand off his thigh. "What's all this about Celestina, anyway?" The sirens shrieked so loud that he felt a sympathetic vibration in his dental fillings, and with a sharp cry of brakes, a great red truck turned the corner, at once followed by a second. Frustrated again, she said simply, "Whenever Edom and Jacob talk about these things, I want you to be sure always to keep in mind that life's about living and being happy, not about dying." In the hall that served the two ground-floor apartments, they encountered Rena Moller, the elderly woman who lived in the unit across from theirs. She was polishing the dark wood of her front door with lemon oil, a sure sign that her son and his family were coming to dinner. IN NEED OF OIL, the hand crank squeaked, but the tall halves of the casement window parted and opened outward into the alleyway. Worse than the tenderness in the bones, the bleeding gums, the headaches, the ugly bruises, worse than the anemia-related weariness and the spells of breathlessness, was the suffering that her battle caused to those whom she loved. More frequently as the days passed, they were unable to conceal their worry and their sorrow. She held their hands when they trembled. She asked them to pray with her when they expressed anger that this should happen to her-of all people, to her, and she wouldn't let them go until the anger was gone. More than once, she pulled sweet Angel into her lap, stroked her hair, and soothed her with talk of all the good times shared in better days. And always Barty, watching over her in his blindness, aware that she would not be dying in all the places where she was, but taking no consolation from the fact that she would continue to exist in other worlds where he could never again be at her side. "If you ranted at him about earthquakes, tornadoes, erupting volcanoes, and all that stuff, how could he mistake you for me?" the social worker and her family. Husband, wife, daughter, son. The little girl smiled shyly through braces. The boy was impish. "And, listen, if you leave too soon behind me, I've got a guy watching, and he'll put a hollow-point thirty-eight in your ass." Ghosts. Sklent was an atheist, and yet he believed in spirits. Here's how that works: Heaven, Hell, and God do not exist, but human beings are as much energy as flesh, and when the flesh gives out, the energy goes on. "We're the most stubborn, selfish, greedy, grubbing, vicious, psychotic, evil species in the universe," Sklent explained, "and some of us just refuse to die, we're too hardass to die. The spirit is a prickly bur of energy that sometimes clings to places and people that were once important to us, so then you get haunted houses, poor bastards still tormented by their dead wives, and crap like that. And sometimes, the bur attaches itself to the embryo in some slut who's just been knocked up, so you get reincarnation. You don't need a god for all this. It's just the way things are. Life and the afterlife are the same place, right here, right now, and we're all just a bunch of filthy, scabby monkeys tumbling through an endless damn series of barrels." He had nothing against Negroes. He didn't wish them ill. He wasn't prejudiced. Live and let live. He believed that as long as they stayed with their own kind and abided by the rules of a polite society, like everyone else, they had a right to live in peace. He ran gasping, praying, feet slapping the concrete sidewalk, frightening birds out of the purple brightness of blossom-laden jacarandas and out of Indian laurels, terrorizing a tree rat into a lightning sprint up the bole of a phoenix palm. The few people he encountered reeled out of his way. Brakes shrieked as he crossed intersections without looking both ways, risking cars and trucks and rhinoceroses. ROCKING AS IF AFLOAT on troubled waters, abused by an unearthly and tormented sound, Junior Cain imagined a gondola on a black river, a carved dragon rising high at the bow as he had seen on a. Then Agnes said, "Well, it's clear to me that you won't be able to talk out your life in just one year. Should be a two-year grant." Rudy Hackachak--Big Rude to his friends--was six feet four, as rough-hewn as a log sculpture carved with a woodsman's ax. In a green polyester suit with sleeves an inch too short, an unfortunate urine yellow shirt, and a tie that might have been the national flag of a third world country famous for nothing but a lack of design sense, he looked like Dr. Frankenstein's beast gussied up for an evening of barhopping in Transylvania. Apparently, he didn't lean back far enough, because amazingly he landed on his feet in the winter-faded grass. The shock buckled him, and he dropped to his knees. Still cradling Grace, he lowered her to the ground as gently as he'd ever lowered fragile Perri onto her bed--quite as if he had planned it this way. A cold wind raised a haunting groan as it harried itself around and around in the bronze hollow of the bell atop the church steeple, shook dead needles from the evergreens, and resisted Paul's progress with what seemed to be malicious intent. Miles ago, between the towns of Brookings and Pistol River, he had decided that he wouldn't again walk this far north at this time of year, even if the guidebooks did claim that the Oregon coast was a comparatively temperate zone in winter. The Church nourished the soul, while the occult nourished the imagination. In Mexico, where physical comforts were often few and hope of a better life in this world was hard won, both the soul and the imagination must be fed if life was to be livable. He feared that suicide was a ticket to Hell, and he knew that sinless Perri was not waiting for him in those lower realms. Requests for permission to make copies of any part of the work should be mailed to the following address. Two more uniformed officers had entered the kitchen, fresh from their search of the apartment. They were amused. Lipscomb women gladly obey the wishes of Lipscomb men--unless they disagree, of course, or don't disagree but are just feeling mulish. This was a good night for television. To Tell the Truth at seven-thirty, followed by I've Got a Secret, The Lucy Show, and The Andy Griffith Show. The new Lucy wasn't quite as good as the old show; Paul and Perri missed Desi Arnaz and William Frawley. The paramedic pumped the inflation cuff of the sphygmomanometer, and Junior's blood pressure was most likely high enough to induce a stroke, driven skyward by the thought that Naomi's love had been a lie. When Agnes pressed for a diagnosis, Dr. Chan quietly pleaded the need to gather more information. After Barty had seen the oncologist and had additional tests, he and his mother would return here in the afternoon to receive a diagnosis and counseling in treatment options. The subtle distortions in his vision, which caused lines of type to twist, didn't appear to trouble Barty much otherwise. He moved as quickly and as surely as ever, with his special grace. "No. Rowena dropped those names after the twins' first year. She and I were the only ones who ever used them. Our private little joke. Even the boys wouldn't have remembered." He turned the

knob. The door eased inward, but he pushed it open only a fraction of an inch..He raised the lower sash of the tall double-hung window and slipped quietly into the dark kitchen. Because the window served also as an emergency exit, it wasn't set above a counter, and ingress was easy..Tom caused less of a stir in the restaurant than Kathleen had expected. Other diners noticed him, of course, but after one or two looks of shock or pity, they appeared indifferent, though this was undoubtedly the thinnest pretense of indifference. The same quality in him that elicited deferential regard from the waiter apparently ensured that others would be courteous enough to respect his privacy..Angel was lying on a towel on the convertible sofa, where Grace had just changed her diaper..When he passed by his own lunch plate on the counter and again saw the quarter gleaming in the cheese, he spat out a curse.."By the close of business tomorrow," said the lawyer, "I expect to have an offer for your consideration.".His breath was warm against her throat: "And I want to go back home to see some faces.".Because Harrison, with the best of intentions, had not wanted to open wounds, Cain could walk up to Celestina anywhere, anytime, and she wouldn't know that he might have been her sister's rapist. To her, his face was that of any stranger..This time, however, the singing lasted longer than before, long enough for him to become suspicious of the heating ducts. These rooms had ten-foot ceilings, and the ducts opened high in the walls..An elderly Negro gentleman answered the door. His hair was such a pure white that in contrast to his plum-dark skin, it appeared to glow like a nimbus around his head. With his equally radiant goatee, his kindly features, and his compelling black eyes, he seemed to have stepped out of a movie about a jazz musician who, having died, was on earth once more as someone's angelic guardian.."Agnes," said the magician, "you better start meeting with that librarian now to record your own life. If you don't get started for another forty years, by then you'll need a whole decade of talking to get it all down.".For a driver who had just engaged in a demolition derby with a house, the mummified man was steady on his feet and unhesitant in his actions. He turned to Harrison White and shot him twice in the chest..They wore out a lot of cards and kept a generous supply of all types of decks on hand..The kids insisted on knowing what was meant by the line about the chicken, and this led to the laying of a coopful of Why-did-the chicken-cross-the-road jokes, which Edom and Jacob had memorized in childhood as an act of rebellion against their humorless father..Agnes, Celestina, and Grace were soon working together with a harmony that was kitchen poetry. Paul had noticed that most women seemed to like or dislike one another within a minute of their first encounter, and when they found one another companionable, they were as open and easy on their first meeting as though they were friends of long duration. Within half an hour, these three sounded as if they were of one age, inseparable since childhood. He had not seen Grace or Celestina free of despair since the reverend's murder, but here they were able for the first time to veil their anguish in the bustle of baking and the pleasure of making a new friend..Fortunately, he recognized his vulnerability. Until the evening reception for Celestina White, he must spend every hour of the day in calming activities, soothing himself in order to ensure that he would be cool and effective when the time came to act..With every step through the long night walk, Paul had considered what he would say, must say, if this encounter ever took place. Now all his practiced words deserted him..No longer able to judge the boy's degree of sleepiness by his eyes, she relied on him to tell her when to stop reading. At his request, she closed the book after forty-seven pages, at the end of Chapter 2..Having been so wounded by one death, Celestina could not imagine how Lipscomb could have survived the loss of his entire family. Pity knotted her heart and cinched her throat so that she spoke in little more than a whisper: "Was that the American Airlines. .".He smiled ruefully. "Might be ready for a wedding by then, but not a honeymoon.".She twisted her sweat-drenched face in what might have been frustration, closed her.Junior was stunned that the bitch had come back into his life, to ruin him, almost two years later. Zedd teaches that the present is just an instant between past and future, which really leaves us with only two choices-to live either in the past or the future; the past, being over and done with, has no consequences unless we insist on empowering it by not living entirely in the future. Junior strove always to live in the future, and he believed that he was successful in this striving, but obviously he hadn't yet learned to apply Zedd's wisdom to fullest effect, because the past kept getting at him. He fervently wished he hadn't simply broken up with Tammy Bean, but that he had strangled her instead, that he had strangled her and driven her corpse to Oregon and pushed her off a fire tower and bashed her with a pewter candlestick and sent her to the bottom of Quarry Lake with the gold Rolex stuffed in her mouth..When together in Agnes's company, Edom and Jacob were brothers, comfortable with each other. But together, just the two, no Agnes, they were more awkward than strangers, because strangers had no shared history to overcome..Why Cain, even if he was the father, should be interested in the little girl was a mystery to Tom Vanadium. This totally self-involved, spookily hollow man held nothing sacred; fatherhood would have no appeal for him, and he certainly wouldn't feel any obligation to the child that had resulted from his assault on Phimie..Copyright (c) 1999 by Ursula K. Le Guin. "Dragonfly" first appeared in Legends..Junior picked up his pace, pushing through the crowd, repeatedly glancing back, and although he caught only quick squints of the dead cop's face, he could tell that something was terribly wrong with it. Never a candidate for matinee-idol status, Vanadium looked markedly worse than before. The port-wine birthmark still pooled around his right eye. His features were not merely pan-flat and plain, as they had been before, but were ... distorted.."You must be thinking of someone else," she said, pushing a wad of bills into his hand. "Me, I'm a jellyfish in high heels.".With his ringleted yellow hair, coiled mustache, and haughty right file, this was a jack that looked as if he might be a knave in the worst sense of the word.."I think we could wind up as crazy as he is, if we tried long enough to puzzle out his twisted logic.".Cypresses lined the entry drive to the cemetery. Tall and solemn, the trees kept guard, as though posted to prevent restless spirits from roaming out into the land of the living..Everywhere in the fabled city, calves and knees and magnificent expanses of taut thighs were on display. This brought out the dreamy romantic in Junior, and more than ever he yearned desperately for the perfect woman, the ideal lover, the matching half of his incomplete heart.."Thank you, Nurse Bressler," he said most solemnly, matching her tone, barely able to control the urge to glance at her, smile, and give her another preview of his quick, pink tongue..Sitting at the desk, Celestina phoned her parents again. She shook uncontrollably, but her voice was steady..A great boom. Concussion rocked the floor and shuddered the walls and made the roof timbers squeal as though unsuspected colonies of bats had taken flight by the thousands all in the same instant..In all their years, neither twin had ever set foot beyond the limits of Bright Beach. They both appeared nervous but determined..Edom removed two of the pies from the table and put them on the counter near the ovens..Even Barty seemed to be attentive, but Angel happily applied crayons to a coloring book and hummed softly to herself..Junior approached the headstone from behind, circled it, and shone the flashlight on the chiseled facts: "I knew," said Wally, braking for a red traffic light, "that you'd be thinking of Phimie now, and thinking of her would lead you to your father's words, because as short as her life might have been, Phimie was a Bartholomew. She left her mark.".Another stiff might have required dragging; but Neddy weighed hardly more than a five-foot-ten

breadstick. Junior hauled the body off the ground and slung it over one shoulder in a fireman's carry.. This analgesic was among several prescription substances that he had stolen, over time, from the drug locker at the rehab hospital where he once worked. Some he had sold; these he had retained.. Agnes had read the last half of Red Planet to Barty just the previous night, but he brought the book with him, to read it again.
